

"If civilization is to survive, we must cultivate the science of human relationships - the ability of all peoples, of all kinds, to live together, in the same world at peace."

-Franklin D. Roosevelt

[The Networking Game](#)

The Networking Game is the art of discovering patterns in the world and making useful connections for ourselves and for others. It is about weaving new options into our safety nets. Networks are based on the interests each individual pursues; in fact, we like to think of people as explorers with many kinds of quests. The rules...[Continue reading →](#)

Featured Library Topic

[Working With Teens, Pages, and Students as Library Employees and Volunteers](#)

Teenagers bring energy and new ideas as employees and volunteers to the library workplace. However, some adults forget that young people need more coaching and care than their adult counterparts. Most teens respond well to realistic goals, written instructions, ...[Continue reading](#) →

Why Personal Relationships Are Important

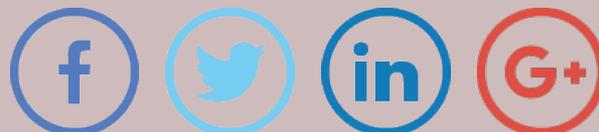

Healthy relationships are a vital component of health and wellbeing. There is compelling evidence that strong relationships contribute to a long, healthy, and happy life. Conversely, the health risks from being alone or isolated in one's life are...[Continue reading](#) →
